

Report on Workshop on Cyber Security

On 12th Feb, 2016, Computer Science Department organized a workshop on **“100 Cyber Security College Workshop”** in collaboration with AIWEFA. Dr. Sarla Manchanda, associate professor of applied chemistry in Lady Irwin college and secretary of AIWEFA, alongwith Ms.Uma Bansal from Google Team were present this interactive event and lit the Cyber security mashaal with the faculty members of the department. Dr. Sarla gave brief information about AIWEFA (All India Women's Education Fund Association). It was founded with the objective of helping women to empower themselves. Ms.Uma bansal explained every aspect related to cyber bullying and how to protect yourself from such crimes. A question-answer presentation was lead by Ms.Uma bansal with game sessions in between. The presentation had four sessions focusing mainly on cyber crimes, online scams and its security. Concepts of phishing and ethical hacking were also discussed. Students actively participated in the programme.
