

PHYSCOM SOCIETY (**14TH October 2015**)

(Kalindi College, University of Delhi)

Physcom society organised a lecture cum workshop on 14th October 2015. The program commenced with the inaugural classical dance performance by Ms. Asmita followed by the lecture sessions.

- Lecture on “**Cloud Computing and Big Data**” was delivered by Mr. Ankur Chadha, CEO of Meri Padhai.com with UKS Technology. He discussed different flavours of cloud computing, SaaS ó Software as a service, IaaS ó Infrastructure as a service, PaaS ó Platform as a service, DaaS ó Desktop as a service. He also talked about how we can use data, services, infrastructure anywhere and anytime. He threw light on Big Data analysis, the next thing in the IT world. He talked about how the role of internet and its usage has increased the demand of storage and retrieval of voluminous data. He interacted with students and suggested strategies for getting dream job.
- A brief session on ‘**Career Options**’ was taken by Mr. Ritukar Chadha, Director of Landmark Institute.
- A workshop on "**The Insight To Assertive Communication**" was taken by Mr. Ashish Chugh, Business Communication and Behavioral Economic Strategist with NIIT Ltd. He spoke about effective communication, conflict management, Time management, public speaking, cognitive therapies using meditative state.

He concluded the following five ways of **assertive communication**:

1. Give 100% to whatever you want to do.
2. Talk, discuss and never form a preconception.
3. Listen carefully and think before you speak .
4. Drink plenty of water.
5. Exercise a little everyday.

He involved students in several activities, puzzles, exercises during the session. Students clapped, sang, danced and enjoyed at their best. After meditation for around 23 minutes, session ended on a good note with a big smile on everyone's face and peace in their mind.
