

CAREER COUNSELLING WORKSHOP

ORGANISED BY

PHYSCOM SOCIETY ; KALINDI COLLEGE

UNIVERSITY OF DELHI

A Career Counselling Workshop was organized by Physics Department of Kalindi College on 5th Oct. 2018. It was counselling about what to do after graduation for B.Sc. Physics (H) and Mathematics(H) students in Physics lab L1 and Room no. S2.

The faculties from Career Endeavour Institute were invited to guide the students about various entrance exams for which they can apply after completing their graduation. Faculties of Career Endavour enlightened the students of Physics and Mathematics department telling them about various esteemed institutions for their higher education where they can apply and explained the format of the question paper. A booklet of Career Endavour which consists of last 13 years solved question paper was also distributed among the students so that they can understand the level and type of questions. 84 students were benefitted by this workshop.

CAREER COUNSELLAR -DR. SWARAJ TOMAR AND MR. BIPLAP DUTTA

The event began with discussion on the topic of what can be done after graduation , so brains were enlightened and informations were provided on MSc i.e. on IIT JAM (the aim of all students who are aspiring for M.Sc.),the seats available ,the competition among students, the choice of doing M.Sc Mathematics and M.Sc Physics and institutions like HRI, IITs, NITs, IISER, IISC, CMI,TIFR,SOUTH ASIAN UNIVERSITIES, ISI,NBHM were also framed in front of approx 50-70 students.

Then the discussion began on how can students regulate themselves, the importance of mindset required as a youth and self analysis. The fact "personality of an individual is not what his percentage shows, it is the knowledge that he have gained from his experience, hardwork and skills" was quoted.

At the end of the event some tricks were introduced to how to solve questions easily and effectively and students took part to solve the questions on their own. It was also quoted "THE POSITIVE ENERGY IS NOT WHAT WE GET FROM OTHERS IT IS THE VIBES HOW WE RECIEVE ON OUR OWN AND NEGLECTS NEGATIVES BY OUR SELF CONFIDENCE".

It was an informative and motivating event not only to enlighten present but also for future as well.
